

AMENDMENTS TO THE SPECIFICATION

On page 5, above line 1, insert:

---BRIEF DESCRIPTION OF THE DRAWING

The figure depicts a process scheme according to the invention.---

On page 13, lines 9-10, please replace the paragraph with the following:

---The invention will now be illustrated by means of the schematic figure [[1]].---

On page 13, lines 11-13, please replace the paragraph with the following:

---~~Figure 1~~ The figure depicts a typical process scheme of the process according to the invention, wherein the elemental sulphur is introduced in step (a).---

On page 13, lines 27-31, please replace the paragraph with the following:

---In granulator (11), moist sulphur-containing ammonium-phosphate granules are formed. The moist granules are led via line (13) to a rotary dryer (14). In the rotary dryer (14), the granules are dried. The dried granules are led via line (15) to a sizing unit (16).---
